PROFESSIONAL SUMMARY

A dedicated and self-motivated Computer Engineering Technology junior at Purdue University, excelling academically while working as a self-employed freelancer. Experienced in delivering high-quality projects for multiple clients, with a strong focus on learning new skills, adhering to deadlines, and meeting contract terms. Proven ability to manage diverse programming and development tasks while balancing academic responsibilities. Eager to apply my skills in a software development internship and contribute to innovative projects.

SKILLS

- Data structures and algorithms
